Experience

Teaching Assistant/Tutor – Web Development December 2018 – Current

Trilogy Education
Chicago, Illinois

- Student code review, analysis, and optimization
- Collaborate with instructional staff to ensure the overall success of each student
- Teach students best practices and methodologies how to find to problem solve, search for resources, and better understand documentation
- Coach students through complex problems using mechanisms to help them describe and fully understand the task/code at hand

Sales Consultant October 2015 – June 2018

Enterprise Holdings
Chicago, Illinois

- Consistently produced on average at 120% of my yearly sales goal
- Strong analytical skills - create new strategies focusing on client retention, referral metrics, sales pipelines using Salesforce
- Thrive on developing creative and strategic solutions
- Lead product presentations and post-sale follow-ups

Branch Manager February 2013 – October 2015

Enterprise Holdings
Chicago, Illinois

- Managed book of business consisting of nearly 70 national and local accounts, developed strategies to create growth, retention, and 100% business saturation
- Increased branch profit by 80% in same period (\$95,000 to \$171,000 in total profit dollars) which was 60% above my goal – credit to building strong relationships and strategic planning
- Supervisor of multiple locations, including O'Hare International Airport where I supervised for nearly 125 full time and part time employee
